

# Therm-Chek® 904

# Stabilizer Product Profile

#### **Product Description**

Therm-Chek® 904 is a liquid phosphite booster, and offers a high degree of clarity when used along with other typical liquid stabilizers in PVC compounds. The product improves initial color and heat stability in both clear and pigmented compounds.

## Safety and Handling

Complete toxicity and handling information can be found on the Material Safety Data Sheet, which is available on request.

## **Typical Properties**

Physical State Specific Gravity Viscosity (Gardner) Pale yellow to colorless liquid 1.03 A3
